INSTITUTIONAL BROCHURE

ACADEMIC DISCOVERY & ACCESS

STM Digital Library

An Organised Academic Discovery & Access Platform

A unified academic environment for discovering, accessing and managing research and learning resources.

- For Colleges, Universities, Research Institutions & Organisations

DISCOVER

Discover Research Across Academic Domains

One catalogue brings journals, articles, books and other scholarly material together, organised by academic department.

What you can read

Journals

Browse each journal by volume and issue.

Research Articles

Articles held under their journal, volume and issue.

Books & E-Books

Monographs, textbooks and edited volumes.

Theses

Doctoral and postgraduate research.

Conference Proceedings

Papers presented at academic conferences.

Case Reports

Documented cases for study and reference.

Magazines & Periodicals

Serials for current awareness and reading.

Educational Videos

Lectures and learning videos.

Organised by department

Computer / IT

Management

Medical Sciences

Pharmacy

Electrical Engineering

Chemistry

Civil Engineering

Law

Architecture

Nursing

Life Sciences

Commerce

and more

Built for finding and reading

Powerful Search

One search across the catalogue by title, author, DOI, keyword or subject.

Advanced Filters

Narrow results by department, content type, subject area and year.

Subject Discovery

Explore by academic department and subject, not only by search term.

Secure Reading

Content opens in a protected in-browser reader, governed by your institution's access.

Research Navigation

Move from department to journal, volume, issue, article and author.

FOR INSTITUTIONS

Manage Institutional Access with Confidence

A librarian or administrator gets one place to look after members, subscription access and usage, without the library having to run any software of its own.

**Institution Dashboard**

A librarian's overview of subscription status, members and activity.

**User Management**

Add, import, edit and suspend members of your institution.

**Licensed User Seats**

Assign access within your approved licensed-user capacity.

**Subscription Access Assignment**

Choose which members hold subscription access, and change it when needed.

**Usage Analytics**

See reading activity and the content your members open.

**Content Discovery**

Your members search and browse the full catalogue from their own accounts.

**Role-Based Access**

Each role sees only the screens and actions meant for it.

**Support**

Our team helps with onboarding, access and queries.

Licensed seats, explained

Institutions can maintain their member directory while assigning subscription access according to their approved licensed-user capacity.

Total Members

138

FOR EVERY READER

One Platform. Multiple Academic Needs.

Everyone at an institution reads from the same library, with tools that suit their work.

For Students

- ✓ Discover academic resources
- ✓ Search by subject or topic
- ✓ Secure reading access

For Researchers

- ✓ Find relevant literature
- ✓ Explore interdisciplinary resources
- ✓ Research discovery across departments

For Faculty

- ✓ Support teaching and research
- ✓ Subject-focused resources
- ✓ Browse by academic department

For Librarians & Institutions

- ✓ Manage users
- ✓ Manage licensed access
- ✓ Review usage
- ✓ Institutional support

How an institution gets started

1

Tell us about your institution

Who will read, and how many licensed users.

2

Receive a quotation

Your licensed-user capacity and subscription.

3

Add members and assign access

Done by your librarian from the dashboard.

GET STARTED

Request Institutional Access

Ask for access, or book a demo. Institutional subscriptions are arranged with our team, who will go through your licensed-user capacity with you.
